Dear Harold,

Sorry to be out of touch. Hope you and yours were all well.

The movie "Winter Kills" has been re-released to more theaters and big crowds. Its author, Condon, has an article "Who Killed Winter Kills" in the current Harper's about the film's "suppression". Some say he stole the White House for his son. He claims he bought it fair and square." This is how they advertise it. The Farewell America line with a new twist - Joe Kennedy set up J.F.K. because his son defied the "Establishment" like the C.I.A., F.B.I., W.C. etc.

There are many books from "investigations" like the H.S.C.A.

After all, your investigation makes the H.S.C.A. Report look like a pale cover-up. Which it is! I don't think we can rule out Baker evidence, do you? It seems hard to believe the 20th year since 11/22/63 approaches! Do you think new data will surface?

Sincerely,
